PROPERTY DESCRIPTION

45± Acres Inside Carter City Limits - Highway 34 Frontage

Land like this doesn't come up for sale very often. It's not every day you find 45 acres sitting right inside city limits, especially land that's flat, easy to get to, and ready for almost anything you want to do with it. Maybe you're ready to build or farm right away. Maybe your plans are still years off. Either way, this piece of ground gives you plenty of room to work with and a spot that's tough to beat.

This 45± acre property sits inside the city limits of Carter, Oklahoma, in Beckham County. It runs right along State Highway 34, so you get direct highway access. That means it's simple to reach no matter where you're coming from in the area.

Most of the land is dryland tillable acreage, and it's been taken care of well over the years. The ground is nearly level, which makes it easy to farm right now. It also makes a solid starting point if you ever want to use the land for something else down the road. Whether you keep farming it or decide to try something new later, the flat layout and great location leave plenty of doors open.

One of the best things about this property is that electricity already runs along two sides of the land. That's a big deal. Having power close by can save you real time and money if you ever decide to build or add improvements. On top of that, this part of Carter looks like a natural spot for future growth. As the town keeps changing, land like this - with size, location, and easy access all rolled into one - gets harder and harder to find.

Because the land is so open, you get a clean slate to work with. There are no steep hills or rough terrain getting in your way, so it's easy to picture just about any use for the space. You'll also enjoy wide, sweeping views of western Oklahoma, colorful sunrises and sunsets, and plenty of room to spread out, all while staying just minutes from everything Carter has to offer.

Whether you're searching for good farmland, a smart long-term investment, or a property with real room to grow, this tract checks a lot of boxes. Big pieces of land inside city limits, with highway frontage, available power, and level ground, just don't show up often in western Oklahoma. This 45± acre property brings all of that together in one great piece of land that's ready for whatever comes next.

When purchasing a property listed by Great Plains Land Company, a Buyer's Broker, if applicable, must be identified on first contact and present at the initial showing of the property to participate in a real estate commission. If these conditions are not met, compensation if any will be at the sole discretion of Great Plains Land Company.
